WADSWORTH DISTRICT CONSERVATION LEAGUE and WADSWORTH HUNT CLUB GROUNDS OPERATING AND USE RULES

Enacted January 1, 2018

PREAMBLE

The Wadsworth Hunt Club (WHC) has prepared this document in order to: 1) improve and maintain the safe and orderly operation and use of the WDCL property; 2) ensure that the continues to be a good neighbor to nearby landowners; and 3) ensure that the community at large views the WHC positively.

1.0 GENERAL

1.1 The WDCL property (Grounds) is approximately 30 acres and located at 8445 Leatherman Road. The sole member club is the Wadsworth Hunt Club (WHC). The use of the Grounds is a privilege extended to members in good standing of the WHC. Persons use the Grounds at their own risk. The WHC assumes no responsibility for accidents, injuries, or loss of equipment. Individuals failing to abide by the following rules and guidelines will forfeit the use of the Grounds for a minimum of six months. WHC may impose additional penalties.

1.2 The WHC will distribute or make available this document annually to each respective individual club member in good standing and will obtain a signed and dated receipt to the document titled Wadsworth District Conservation League and Wadsworth Hunt Club General Release and Wavier prior to having access to the Grounds. The WHC will also issue proper club identification, which shall be carried on the club member's person while on the Grounds and shown on demand. Persons lacking proper club identification will leave the Grounds immediately. Individuals on the Grounds illegally should be reported to a representative of the WHC.

1.3 All groups (defined as a formal organization with written bylaws and constitution) must have at least one member of the WHC present at all times during their use of the Grounds. Individual club members are responsible for the actions of their guests and their children. Alcoholic beverages, stimulants, or depressants are prohibited anywhere on the Grounds. Additionally, individuals under the influence of the alcoholic beverages, stimulants, or depressants are prohibited anywhere on the Grounds

2.0 FRONT GATE

2.1 The gate is to keep unauthorized people out so that our Grounds are safe and that we continue to be a good neighbor. Each authorized organization will maintain and police their own lock; however, in no case will individual club members receive access to the club Grounds without complying with section 1.2.

2.2 The gate is to be unlocked only by a club member in good standing. After the member's vehicle is through the gate, the member must immediately shut and lock the gate no matter how long he will be inside. (Note: The gate may be left open during scheduled group events only. The gate will be closed and locked when the event has concluded.) After the gate is

closed and locked, scramble the combination so that it is not left for an outsider to steal. (Note: It is recommended that the combination locks be set on "0-0-0" after use.) When you lock the gate, MAKE SURE THAT ALL LOCKS ARE IN SERIES or some authorized organization will not be able to open the gate. In other words, every single lock should be able to open the gate.

3.0 HUNTING

3.1 Club members and guests accompanied by club members are allowed to hunt on the Club Grounds during the appropriate hunting seasons. No hunting until opening of squirrel season each year and then only by bow and arrow or shotgun (no rifle, slug gun, or pistol). No tree stands or blinds permitted anywhere on the Grounds.

3.1.1 Hunting guests are limited to one per Club member and are limited to one hunting visit day per year to either WDCL property or to member Farms.

3.2 Training of hunting dogs is allowed only during the closed seasons. This is for the safety of the dog and his owner.

4.0 GROUNDS AND CLUBHOUSE

4.1 Club members may use the Grounds west of Holmesbrook Creek for picnics anytime except when others have the Grounds reserved. Camping and use of clubhouse shall be by reservation through the WHC on a first-come first-served basis. Any person reserving Grounds must remove all garbage and rubbish and leave the area clean. Fires are permitted only in the designated areas, or in proper containers. All organizations must provide their own firewood. There will be NO cutting of live trees for firewood on WDCL Grounds.

4.2 All construction, excavations, alterations, modifications, additions, removal, and installations of any buildings, equipment, living plants, roadways, or the Grounds in general must have prior written approval by the WHC.

4.3 No motorcycles, mini-bikes, snowmobiles, ATV's or any other similar motorized recreational vehicle, or horses shall be operated or ridden upon the club Grounds. Vehicles can be used as a means of transportation to club meetings or functions provided the vehicles stay on roadways and parking areas. Service vehicles are exempt from this regulation.

4.4 Anyone violating these rules and/or State and Federal firearms laws & regulations will forfeit the privilege to the use of the Grounds again.

4.5 Any person with a current official Concealed Carry Permit is allowed to carry their firearm on WDCL property in accordance with State of Ohio Concealed Carry regulations.

4.5.1 Rules concerning use of concealed firearms on the range are addressed in the "Firearm Range" section 5.0.

5.0 **FIREARM RANGES**

5.1 The firearm ranges are located in the valley of Holmesbrook Creek at the end of the road. This is the only area designated for firearm target shooting. The **RIFLE/PISTOL RANGE** consists of 25, 50, and 100-yard backstops complete with target frames and a covered shooting bench. The **HANDGUN RANGE** consists of four (4) shooting stations. A pulley system will allow for a maximum shot distance of approximately 25 feet with targets properly attached to the pulley system frame.

5.2 First-come has the privilege of the range; however, that privilege will be relinquished no more than one hour after another member has requested use of the range.

5.2.1 A group (as defined in section 1.3) may reserve the range on a first-come basis. However, the group must be approved in advance by the WHC and submit a copy of the group's valid Liability Insurance policy. This Liability Insurance Policy must be of at least \$1,000,000 in amount and turned into the WHC no later than 7 days prior to the date the group is intending to reserve the range. The group must, in addition, supply contact information so verification of the group's Liability Insurance policy can be validated. If the WHC is unable to validate the group's Liability Insurance policy, the group will not be permitted to utilize the range.

5.3 The firearm ranges are open for firing only on Monday - Saturday from 9:00 a.m. until **SUNSET** and on Sunday from 12:00 p.m. until **SUNSET**. The United States Weather Service determines sunset on any day.

5.4 Youth under 18 years of age must have adult supervision to use the firearm ranges. (Note: per Ohio Revised code, anyone under age 21 is considered a minor with respect to **HANDGUN** possession and usage.)

5.5 All guests must be accompanied by an adult member.

5.5.1 All members and guests must sign the range sign-in sheet and all guests must sign a range waiver before using the range. Any member who does not sign the range sign-in sheet and any guests who do not sign the range sign-in sheet and range waiver is forbidden from participating in any shooting at

the range. Minors must have the range waiver signed by their parent(s) or guardian, who must accompany the minor at all times while on the range. (Note: per Ohio Revised code, anyone under age 21 is considered a minor with respect to **HANDGUN** possession and usage.)

5.5.2 A member may only bring two (2) guests to the range at one time. If two (2) guests are present and shooting, then the member must directly supervise the guests and may not participate in any shooting.

5.5.3 Guests are allowed only two (2) visits per year to the range. The guest must become a member of the WHC if further visits are desired. Exceptions are granted to active duty military personnel, individuals who live 120 miles away from Wadsworth, and persons attending approved training or other approved events.

5.6 When using the **RIFLE/PISTOL RANGE**, the path of all bullets and/or slugs is to be through the center of target frame and impacting in the dirt backstop. When using the **HANDGUN RANGE**, the path of all bullets is to be through the hanging target attached to the pulley system and impacting the dirt backstop. Only paper bulls-eye, paper game targets (no human silhouettes), balloons, or other soft reaction targets (no glass, cans, clay birds, etc.) are to be used. Metallic swinging type targets that deflect impacting rounds downward may be used **ONLY** on the **RIFLE/PISTOL RANGE** at the 50 and 100 yard backstops. ALL targets regardless of type are to be placed only on the flat panels and between the horizontal dimensioned boards that form the target frames. There shall be no shooting of targets lying on the ground, flying or thrown in the air or otherwise not properly mounted on a target frame and safely in front of the earthen backstop.

5.6.1 Intentionally shooting Grounds equipment, including placing targets such that bullets can strike the target frames or cross members, is reason for loss of Grounds privileges and possible prosecution.

5.8 All firing must be single, aimed shots only. Absolutely no rapid fire (a distinct delay between shots - three (3) seconds). All shooting will be from the designated firing line.

5.8.1 When using the **RIFLE/PISTOL RANGE**, shooters are allowed to fire at targets closer than 25 yards, if and only if:

- A safe temporary firing line is established at the forward position
- No one handles a firearm behind the new temporary firing line

- c) The target is located immediately in front of the earthen backstop such that all bullets impact the earthen backstop and not the ground.

5.9 **RIFLE/PISTOL RANGE** firearm type limitations are:

- a) No fully automatic firearms (BAFT Class III) including bump-fire firearms.
- b) Centerfire rifles and pistols are limited to barrel bores less than 0.500" in bore diameter.
- c) Shotguns to 10 gauge or smaller.
- d) Black powder rifles and pistols to barrels less than 0.700" in bore diameter.

HANDGUN RANGE firearm type limitations are:

- b) No bows, crossbows, rifles or shotguns of any type.
- c) Suppressors for pistols are not permitted unless the shooter possesses valid NFA paperwork.
- d) Pistol cartridges of 44 magnums and other larger calibers, and calibers larger than the 45ACP, must be shot at the rifle range. All other pistol calibers are permitted. (Note: .223/5.56 is a rifle cartridge and not considered a pistol cartridge)

5.10 Persons using the range are responsible to ensure that no one is down range. No firearms shall be handled while anyone is down range.

5.11 Take home everything you brought. Do not leave live cartridges, empty brass, boxes, targets on the target frames, food and beverage containers, etc.

5.11.1 All expended center fire and rim fire cartridge cases and hulls and live or "dud" discarded cartridges are to be picked up and either placed in the "EXPENDED CARTRIDGE BUCKET" or taken home by the shooter.

5.11.2 Under no circumstances are any cartridges, live, "dud", or expended, to be placed in any trash barrel.

5.12 "Cease Fire" may be called by anyone on the range due to an unsafe condition. When "Cease Fire" is called, all shooters will immediately open the action and make their firearm safe until the unsafe condition is rectified to the satisfaction of all present.

5.13 When the range is declared closed for firing and/or people are down range of the firing line (target changing, clean up, etc.) all firearms will be made safe with actions open.

5.13.1 **No one will handle a firearm while anyone is in front of the firing line.**

5.14 Shooters and those near the firing line shall wear proper eye and ear protection.

5.15 If the clubhouse/Grounds are reserved through the WHC, the firearm ranges are closed to other persons unless the person reserving the club house/Grounds gives explicit permission at the time of reservation.

5.16 Safety, common sense, and courtesy must be exercised at all times. Violations should be reported to a WHC representative immediately with the name and/or car license number of the violator and a description of the infraction.

5.17 Training and practice with holstered concealed carry firearms shall not occur on any range except as noted in 5.17.2.

5.17.1 If a person desires to practice with their concealed carry firearm, the firearm must be carefully removed from holster and made ready at the firing line. No draw and fire practice except as noted in 5.17.2.

5.17.2 No draw and fire on any range unless for participation in a board approved advance training course with a WHC approved instructor.

6.0 SAFE GUN HANDLING RULES

6.1 **KEEP THE MUZZLE POINTED IN A SAFE DIRECTION.** A safe direction is a direction so that in the event of an accidental discharge, no one will be hurt. At the range this is generally down range towards the backstops or stored **UNLOADED** in a gun case or on the bench.

6.2 **KEEP THE ACTION OPEN AND UNLOADED UNTIL YOU ARE READY TO USE THE FIREARM.** Actions are open all the time except when you are actually ready to use that firearm. Auto loading firearms that will not lock open on their own will have action blocked open. Fixed magazines are emptied, and removable magazines are removed from the action. Revolver cylinders shall be empty and open. Muzzleloaders are to be uncapped or deprimed as applicable.

6.3 **KEEP THE SAFETY ON AND YOUR FINGER OFF THE TRIGGER UNTIL YOU ARE READY TO FIRE.**

6.4 **DO NOT HANDLE FIREARMS WHILE ANYONE IS DOWN RANGE.** This includes "unloaded" firearms, removing or inserting firearms into gun cases and/or holsters, etc.

7.0 ARCHERY RANGE

7.1 The static archery range is located to the west of the clubhouse; the 3D archery range is located south of the entrance road. Both ranges are open to all WHC members provided posted rules are followed. Operating hours are daily,

sunrise to sunset as determined by the National Weather Service. No firearms, air guns, BB guns are permitted on the archery range. Archers must shoot at the designated targets only. Paper targets may be hung but must be removed and properly disposed. Absolutely **NO BROADHEADS** may be used on targets provided by the WHC; field tips/target points only. Personal targets may be used (for broadheads/other) but must be placed directly in front of the targets provided by WHC. Leave bows on racks when retrieving arrows. Do not

carry cocked crossbows on the club grounds. Never retrieve arrows, hang targets or approach target area while others are shooting. Be courteous and use common sense, and report all violations to a club officer.

7.2 If the clubhouse/Grounds are reserved through the WHC, the archery ranges are closed to others unless the person reserving the clubhouse/Grounds gives explicit permission at the time of the reservation.
